

Shanghai Hongqiao Comprehensive Transportation Hub

Challenges/ objectives

- A comprehensive transportation hub, including airport, railway, metro & bus.
- Capability of protecting the safety of passengers & staff, especially during an emergency situation.

Solution

- Install 1,686 sets of Bosch cameras, VIPX1600 encoder & Dibos video recorder
- 24 sets of Bosch Praesideo control panels
- Nearly 10,000 sets of loudspeakers

Customer benefits

- Passengers can listen clearly through the loudspeakers
- Provide high quality images through Bosch cameras
