Hilton Convention Center & Spa / Hampton Hotel Bursa

Objective

- A networked security solution for the new Hilton complex in Bursa combining the 5-star Hilton Convention Center & Spa with the 3-star Hampton by Hilton
- Avoid disturbing the luxury ambience of a 5-star hotel

Highlights

- An integrated security solution with fire detection and alarm systems, access control, video surveillance and voice evacuation
- Networked, centrally managed and operated via Building Integration System
- A comprehensive audio/video system in ballrooms and the conference center
- Use of specific cameras and smoke detectors, in order to provide an inconspicuous solution

Customer benefits

- Highest security standards and great operational efficiency covering both buildings
